## WHAT'S HAPPENING

As we begin our final term of the year, it's an exciting time for our Year 10 students as they continue to build on their learning, embrace new opportunities and prepare for the transition into senior schooling. Term 4 is a chance to reflect on the progress made throughout the year, stay focused on goals and finish strong. With plenty of learning, activities and important milestones ahead, we encourage all students to remain engaged, demonstrate our school values and make the most of every opportunity. We look forward to a positive and successful end to the year for all Year 10 students!

As students prepare to transition into senior schooling we are continuing the work on the Legacy Project. Importantly, the Legacy Project does not finish at the end of Year 10, it will continue throughout their senior years, allowing students to build on their progress, strengthen their leadership skills and turn their ideas into meaningful action. We look forward to seeing our students embrace this opportunity and leave a lasting legacy that they can be proud of.

Alongside this we are going to be working together to engage with a great community project (shown in the poster above). We want to show our elderly community how we belong here at VPSHS with some small gifts this Christmas. Students in Year 10 will also be writing cards to spread the holiday spirit.
